### Entrada:

```
gcc main.c -o main
./main text.txt lista

### text.txt:

Informally, an algorithm is any well-defined computational procedure that takes some value, or set of values, as input and produces some value, or set of values, as output. An algorithm is thus a sequence of computational steps that transform the input into the output.

We can also view an algorithm as a tool for solving a well-specified computational problem. The statement of the problem specifies in general terms the desired input/output relationship. The algorithm describes a specific computational procedure for achieving that input/output relationship.

For example, we might need to sort a sequence of numbers into nondecreasing order.

This problem arises frequently in practice and provides fertile ground for introducing many standard design techniques and analysis tools.

00002: (The DreamWorks Pictures SKG logo plays out, with dreamy music
playing underneath. At the end of the logo, the S's in "DreamWorks" and
"SKG" turn green and grow out ogre ears, matching the film's logo. Credits

appear.)
00004: (A ray of light shines down on a leather-bound storybook. The book
opens and a Scottish-accented voice narrator, named Shrek the ogre, begins
reading its text)
00014: (We see an outhouse and hear the sound of a toilet flushing. Out
steps Shrek, an ogre, who tugs at his underwear and shakes his foot off the
page still stuck to his shoe. He looks lovingly at the swamp he calls home,
and goes about his daily routine. Which is taking a mud shower, brushing
his teeth with bugs, bathing in a muddy pond, gathering giant slugs for
dinner, and painting a warning sign)
00144: The Captain: You there! Ogre!
00186: Shrek: No! I'm an ogre! You know, "Grab your torch and
pitchforks!!". Doesn't that bother you?
00281: Shrek: I live in a swamp. I put up signs. I'm a terrifying ogre!
What do I have to do get a little privacy?!
```

00551: Lord Farquaad: Indeed. Knights, new plan! The one who kills the ogre will be named champion! Have at him!

00593: Lord Farquaad: Congratulations, ogre. You've won the honor of embarking on a great and noble quest.

00601: Lord Farquaad: Indeed. All right, ogre. I'll make you a deal. Go on this quest for me, and I'll give you your swamp back.

00622: Donkey: I don't get it. Why don't you just pull some of that ogre stuff on him? Throttle him, lay siege to his fortress, grinds his bones to make your bread, the whole ogre trip.

01016: (Shrek shakes his head and takes off his helmet and reveals his ogre self. Fiona looks at him blankly, confused but not frightened. Shrek awkwardly grins)

01018: Fiona: You're...an ogre.

01022: Fiona: Well --yes, actually! Oh, no. This is all wrong. You're not supposed to be an ogre! (walks off)

01034: Fiona: But I have to be rescued by my true love! Not by some ogre and hi...hi...his pet.

01145: Shrek: And, uh, that one, that's Throwback, the only ogre to ever spit over three wheat fields.

01225: Shrek: Look, I'm not the one with the problem, okay? It's the world that seems to have a problem with me! People take one look at me and go "Aah! Help! Run! A big, stupid, ugly ogre!" (depressed) They judge me before they even know me. That's why I'm better off alone.

01229: Donkey: You know what? When we met, I didn't think you was just a big, stupid, ugly ogre.

01358: Monsieur Hood: Paid! So... (Merrymen made a star) When an ogre in the bush grabs a lady by the tush. That's bad.

01648: Donkey: An ogre?

01650: Shrek: Yeah. An ogre.

01747: Donkey: But, you know, um...you're kind of an ogre. And Shrek...well...you got a lot in common.

01844: Lord Farquaad: Very well, ogre. The deed to your swamp, cleared out, as agreed. Take it and go before I change my mind.

01856: Lord Farquaad: Oh, that is so sweet. You don't have to waste good manners on the ogre. It's not like it has feelings.

01890: Fiona: Fare thee well, ogre.

01945: Donkey: Smelly ogre.

01997: Shrek: I'm sorry. I guess I am just a big, stupid...ugly ogre. Can you forgive me?

02153: Lord Farquaad: Oh, this is precious. (laughs) The ogre has fallen in love with the princess! Oh, good Lord. (laughs)

02157: Lord Farquaad: An ogre and a princess! (laughs)

02169: (Fiona backs up and gives Shrek a sheepish smile. As the sun sets, she changes into her ogre self. The crowd gasps and one person faints. Shrek stares at Fiona in astonishment, and then grins)
